

Membership Rates

Approved by the General Assembly, August 30th 2015

All membership categories have an annual fee to cover administrative costs and support the development of the ISA. In the case of voting members, the number of individual members the organization represents determines the number of votes that organization has as well as its annual fee. Fee can be paid by Paypal or other method upon request.

Active Members

National organizations which are inclusive of all forms of slacklining and have significant membership may join as Active Members. Active Members have one delegate to the General Assembly and the right to vote on all topics presented to the General Assembly.
